PROFESSIONAL SUMMARY

AI Engineer with 4+ years of experience building machine learning and deep learning solutions for real-world applications. Skilled in developing NLP models, deploying scalable AI systems, and optimizing model performance using modern MLOps practices. Strong background in Python, cloud technologies, and data-driven problem solving.

TECHNICAL SKILLS

Languages: Python, Java, SQL, C++, JavaScript
AI/ML: PyTorch, TensorFlow, Scikit-learn, Hugging Face, LangChain, OpenCV
Cloud & DevOps: AWS, Docker, Kubernetes, GitHub Actions
Databases: PostgreSQL, MongoDB, Redis
Tools: Git, Linux, Jupyter Notebook, MLflow

EXPERIENCE

AI Engineer

TechNova Solutions | Jan 2023 – Present

- Developed an LLM-powered customer support chatbot serving over 200K monthly users.
- Built NLP pipelines that reduced manual ticket handling by 35%.
- Optimized inference latency by 40% through model quantization and deployment improvements.
- Automated ML deployment pipelines using Docker and Kubernetes.
- Worked closely with software engineering teams to integrate AI features into production.

Machine Learning Engineer

DataVision Analytics | Jun 2021 – Dec 2022

- Built fraud detection models achieving 96% classification accuracy.
- Developed recommendation systems that increased user engagement by 18%.
- Created automated data preprocessing and feature engineering workflows.
- Evaluated and deployed machine learning models on AWS.

PROJECTS

AI Resume Screening System

- Developed an AI-based resume ranking application using BERT embeddings.
- Implemented semantic search and candidate matching using vector similarity.
- Tech Stack: Python, FastAPI, FAISS, Transformers

Smart Document Analyzer

- Built an OCR and document classification system for invoice processing.
- Improved extraction accuracy using deep learning-based text recognition.
- Tech Stack: OpenCV, Tesseract OCR, PyTorch

EDUCATION

Bachelor of Science in Computer Science
University of California | 2017 – 2021
GPA: 3.8 / 4.0

CERTIFICATIONS

- AWS Certified Machine Learning – Specialty
- Microsoft Azure AI Engineer Associate

ACHIEVEMENTS

- Winner, University AI Hackathon (2020)
- Published 3 research papers in AI and Machine Learning
- Active contributor to open-source AI projects with 2,500+ GitHub stars
